Our primary goal is to imbibe ethical values by following the mantra of student centric approach.

We @ PARTH, continuously strive to instil in our students a passion for learning that will bring both knowledge and understanding necessary for growing up as socially responsible citizens.

We are fortunate to be associated with talented students, encouraging parents, highly committed teaching & support staff to ensure a vibrant learning environment.

Our newsletter **Parthi** is a kaleidoscope of the little but significant steps we take each day in order to live our dream of 'Education with a Purpose'. I am delighted to share these 'steps' with all of you.

ABOUT PARTH

ABOUT THE SCHOOL

Parth Public School, Gharaunda, (CBSE Affiliation no 530340) is administered by the Sampada Educational Society. The school was founded on 22nd March, 1990. It is open to all irrespective of caste, creed or religion. Its primary aim is to establish an enthusiastic and secular society. From inception itself, PARTH has been known as an innovative school, devoted to experimentation and positive change. Today this devotion remains steadfast as renewal and growth continues, maintaining its standard of excellence. Every part of PARTH is a valuable arena of learning and a sense of balance permeates every aspect of life here.

It is a matter of pride that the children who get education from Parth Public School are prepared to look at things in a different way and learn unique manner of expressing them. It is often a case of everyday reality looked at from a vantage angle and we try to focus on that angle. We hope, the school with its sensitizing and beautiful ambience, will help children to look for the colours of life and guide them to find their own rainbow.

The education I got here is best since it is not only about knowledge but also about moral values. Memories of PARTH are unforgettable !!!

- Geeta Nagpal (2015-16)

The Vice President's Desk

Students have incredible potential in terms of energy and intelligence. It is important to advance it constructively. I therefore urge you all to put efforts in combining the both for training your bright career and future.

The Curriculum Developer's Desk

Curriculum is designing a teaching model to recognise a child's innate abilities and map it to stimulate curiosity, targeted to satisfy his quest for knowledge.

Basic learning ability parameters as **IQ** (Intelligence Quotient) and **EQ** (Emotional Quotient) are considered major determinants to frame a learned individual for strong society.

Working so closely with budding brains we at Parth have acknowledged the hidden elixir **CQ (Conscience Quotient)** responsible for framing the character and value system of a child thereby making it the indispensable part of our curriculum.

We aim for better human race open to respect global ethics.
May peace prosper !!!

Curriculum Developer
